Dear Parents/Guardians:

We wanted to make our community aware of two new COVID-19 positive student cases. As of today, NH DHHS has confirmed one positive case at Golden Brook School, and one positive case at Windham Center School. The students who have tested positive for COVID-19 and their close contacts, including household contacts, siblings, and students/staff members, were contacted and are to adhere to the required isolation (for those who are sick) or quarantine (for those who were exposed) time.

If you have clarifying questions about what quarantine or isolation is, you can review the following resource: <https://www.nh.gov/covid19/resourcesguidance/documents/monitor-health-table.pdf>. If you have any general questions about COVID-19, please call 2-1-1 for residents of NH or dial 1-866-444-4211.

The requirement to complete quarantine, due to close contact, has affected some of the staff at both Golden Brook and Center School. Both schools and their staff are doing an amazing job to make the appropriate adjustments in order to safely accommodate and supervise in-person student ratios.

We have ensured that both buildings have been thoroughly sanitized prior to the start of school today and will continue to be sanitized according to the schedule. We will continue to remain in contact with NH DHHS while they continue their thorough investigation and monitoring of the situation. We will keep our community informed as the situation evolves.

Thank you,

Richard Langlois
Superintendent of Schools
